- Utility

High Torque Steel:

Up to 20% stronger, with more torque and twice the wear resistance of standard grades of steel.

## FINISH OPTIONS:

Corrosion-resistant finish:

Environmentally safe, provides better tool grip, resists solvents and is 5 times more corrosion resistant than competitor finishes.

Next generation chrome finish:

Traditional plated tool look with superior protection and durability.

Real 14 karat gold finish:

Superior protection and durability over traditional chrome and the look and shine of real gold.

## Designed with the Tool User in mind

A Bondhus Fold Up is a tool for life. When designing the GorillaGrip® Fold Up, Bondhus engineers eliminated the problems of the average folding tool. GorillaGrip® Fold Up tools are stronger, more comfortable and easier to use.

Patented Flutes allow for easy selection of one tool at a time.

Blades are accessed from both the top and bottom, eliminating the constant 'unstacking' of blades.

Turn & Flip Feature eliminates constant removal and repositioning in screw head when working against obstructions.

90° stop converts the tool into a non-stop, time saving, speed wrench.

# GorillaGrip® Fold Up Multi Packs
